SECTION 1

Diagnostic & Monitoring Equipment

Professional-grade instruments for ICUs, clinics and diagnostic laboratories

MC-VSP-9000

€4,850.00

VitalScan Pro 9000

Hospital-grade continuous monitoring with 15" anti-glare TFT display. Integrates seamlessly with EMR systems via HL7. Alarm customization and nurse-call integration ensure zero-miss events.

Display	15" TFT Touchscreen 1024×768
Parameters	ECG 12-lead · SpO ₂ · NIBP · Temp · EtCO ₂
Battery	4 hours backup
Connectivity	Wi-Fi · Ethernet RJ45 · USB 3.0
Alarms	128 configurable events
Weight	4.2 kg
Cert.	CE · ISO 13485 · IEC 60601-1

MC-DSE-3X

€1,299.00

DermoScope Elite 3X

Offers 10–30× magnification with polarized and non-polarized light modes for sub-surface skin structure visualization. WiFi-enabled camera transmits images directly to diagnostic workstation.

Magnification	10× / 20× / 30× variable
Illumination	20 LED · polarized + non-polarized
Camera	48 MP CMOS sensor
Storage	16 GB onboard + cloud sync
Battery	Li-Ion · 6 hours continuous
Image Format	JPEG · TIFF · RAW
Cert.	CE · ISO 13485

MC-ASD-HD

€389.00

AuraScan Digital Otoscope

Crystal-clear 1080p HD tympanic membrane visualization with tungsten-free LED illumination for accurate ENT diagnosis in pediatric and adult patients. USB-C output for EMR integration.

MC-GSP-LAB

€245.00

GlucoSense Pro (Lab Grade)

Lab-accurate blood glucose readings in under 5 seconds. Hematocrit correction and altitude compensation algorithms ensure reliable results across diverse patient populations.

SECTION 2
Surgical Instruments & Sets

AISI 316L Stainless Steel · Autoclave Compatible · MIL-STD Traceability

MC-SS-PRO42€1,870.00 / set

SurgSet Pro — 42-Piece General Surgery Kit

Manufactured from medical-grade 316L stainless steel with mirror-polished finish. Each instrument features laser-etched identification codes per ISO 17664 standards.

Includes:

- 2× Scalpel handles (#3, #4)
- 4× Mayo scissors
- 4× Mosquito forceps

MC-LT-5MM€3,250.00 / set

LaparoTroc 5mm Trocar System

Smooth-transition radially dilating tip reduces port-site trauma. Valveless cannula design minimizes gas leakage during pneumoperitoneum maintenance.

Specifications:

Trocar sizes	5 mm · 10 mm · 12 mm
Tip type	Radially dilating
Valve system	Valveless cannula

Ordering & Delivery

STEP 1

Request a Formal Quote

Submit an RFQ at www.medcore-intl.com/rfq with your product codes and quantities.

STEP 2

Receive Proforma Invoice

Proforma invoices issued within 24 business hours, valid for 30 days.

STEP 3

Payment Terms

Net 30 for approved accounts. 50% advance for new clients. LC accepted for orders >€50,000.

- Free delivery on orders > €5,000
- Temperature monitoring logs included
- Real-time shipment tracking
- DDP available in 80+ countries

Warranty & Support

Standard Coverage:

- Electronic instruments: 2-year warranty
- Surgical steel: Lifetime on manufacturing defects
- Consumables: Lot-controlled replace-on-defect
- Software/Firmware: Free lifetime OTA updates

ServicePlus Plans:
